

SPONSOR A BIRD BOX

We are delighted to inform you that the renovation, restoration and enhancement of St Nicolas Church, Hail Weston has been granted planning permission.

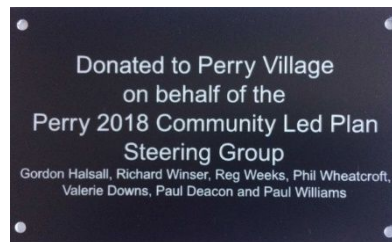

For us to now get the work underway we need to raise considerable funds.

Last year we promoted a successful 'Sponsor a Bat Box' fund raising initiative, as well as contributing to our fund-raising efforts, the sponsored Bat Boxes will be positioned in the church yard to minimise any environmental impact or disturbance our building project may unintentionally cause.

Leading on from this, we would like to launch a new initiative to sponsor Bird Boxes within the parishes of Hail Weston, Great Staughton, Perry and Little Staughton. These form the Benefice of our three Anglican Churches.

Each box will be fitted with a metal protective guard around the entry hole and an engraved plaque with an inscription chosen by the box sponsor. They can be donated by, in the memory of or to commemorate an event.

The cost of each box will be £20, all proceeds will go towards the St Nicolas Church Restoration Project (a registered charity under the St Nicolas Parochial Church Council).

For further information about sponsoring a box please contact;
